

mbed::TimerEvent

```
classDiagram
    class mbed__TimerEvent["mbed::TimerEvent"]
    class mbed__Ticker["mbed::Ticker"]
    class mbed__Timeout["mbed::Timeout"]
    mbed__Timeout --|> mbed__Ticker
    mbed__Ticker --|> mbed__TimerEvent
```

The diagram illustrates a class hierarchy. At the base is the `mbed::Timeout` class. It inherits from `mbed::Ticker`, which in turn inherits from `mbed::TimerEvent`. The `mbed::TimerEvent` class is highlighted with a gray background, while the others are white.

mbed::Ticker
